

# Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS)

**Duration:** 24.00 hours (3 days)

**19.5 CPD Hours**

**Rating:** ★ 4.6 (5,878 reviews)

## Course Information

**Delivery Format:** Other

## Course Overview

The Configuring Cisco Unified Computing System (DCCUCS) v1.0 shows you how to deploy, secure, operate, and maintain Cisco Unified Computing System (Cisco UCS®) B-series blade servers, Cisco UCS C-Series, and S-Series rack servers for use in data centers. You will learn how to implement management and orchestration software for Cisco UCS. You will gain hands-on practice: configuring key features of Cisco UCS, Cisco UCS Director, and Cisco UCS Manager; implementing UCS management software including Cisco UCS Manager and Cisco Intersight ; and more.

## About This Course

The Configuring Cisco Unified Computing System (DCCUCS) v1.0 shows you how to deploy, secure, operate, and maintain Cisco Unified Computing System (Cisco UCS®) B-series blade servers, Cisco UCS C-Series, and S-Series rack servers for use in data centers. You will learn how to implement management and orchestration software for Cisco UCS. You will gain hands-on practice: configuring key features of Cisco UCS, Cisco UCS Director, and Cisco UCS Manager; implementing UCS management software including Cisco UCS Manager and Cisco Intersight ; and more.

# Who Should Attend

---

Server administrators

Network engineers

Systems engineers

Consulting systems engineers

Technical solutions architects

Network administrators

Storage administrators

Network managers

Cisco integrators and partners

# Learning Outcomes

---

**Upon successful completion of this course, participants will be able to:**

After taking this course, you should be able to:

Describe and implement Fibre Channel, zoning, and N-Port Virtualization (NPV) features on Cisco UCS

Describe and implement Fibre Channel over Ethernet (FCoE) on Cisco UCS

Describe Cisco UCS policies for service profiles

Describe Cisco Adapter Fabric Extender (FEX) and Single Root I/O Virtualization

Describe and implement Role-Based Access Control (RBAC) on Cisco UCS

Describe and implement external authentication providers on Cisco UCS Manager

Describe and implement key management on Cisco UCS Manager

Describe Cisco UCS Director

Describe and implement Cisco Intersight

Describe the scripting options for Cisco UCS Manager

Describe and implement monitoring on Cisco UCS Manager

## Additional Course Details

---

Nexus Humans Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS) training program is a workshop that presents an invigorating mix of sessions, lessons, and masterclasses meticulously crafted to propel your learning expedition forward.

This immersive bootcamp-style experience boasts interactive lectures, hands-on labs, and collaborative hackathons, all strategically designed to fortify fundamental concepts.

Guided by seasoned coaches, each session offers priceless insights and practical skills crucial for honing your expertise. Whether you're stepping into the realm of professional skills or a seasoned professional, this comprehensive course ensures you're equipped with the knowledge and prowess necessary for success.

While we feel this is the best course for the Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS) course and one of our Top 10 we encourage you to read the course outline to make sure it is the right content for you.

Additionally, private sessions, closed classes or dedicated events are available both live online and at our training centres in Dublin and London, as well as at your offices anywhere in the UK, Ireland or across EMEA.

# Frequently Asked Questions

---

## **Q: What delivery options are available for Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS)?**

We offer multiple delivery formats:

- Live Instructor-Led Classroom Online (Virtual/Live Online)
  - Traditional Instructor-Led Classroom Training (ILT)
  - On-site delivery at your offices anywhere in United Kingdom
  - Private dedicated courses customized for your team
- 

## **Q: How many CPD hours does this course provide?**

The 3-day Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS) course provides up to 19.5 CPD hours of structured learning. CPD certificates can be provided upon request.

---

## **Q: What is the duration of the Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS) training?**

The training takes place over 3 day(s), with each day lasting approximately 24.00 hours including breaks for lunch and refreshments.

---

## **Q: Do you provide corporate training for Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS)?**

Yes, we provide corporate training, dedicated training, and closed classes for Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS). Training can take place anywhere in United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online allowing teams from across United Kingdom or internationally to attend.

---

## Q: Why choose Nexus Human for Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS)?

Nexus Human is recognized as one of the leading training providers. Our trainers have won multiple awards including:

- Small Firms Best Trainer Award
- National Training Partner of the Year (Ireland) - Multiple Years
- Global Top 30 Instructor Awards (2012, 2019, 2021)
- Tech Excellence Award Nominations
- Learning Performance Institute (LPI) External Training Provider Sponsor 2024

---

## Q: Are there any discount codes available?

Yes! Use discount code **PENPAL5** when booking your Cisco Configuring Cisco Unified Computing System v1.0 (DCCUCS) training. Please note that only one discount code can be used per booking and cannot be combined with other special offers.
