

Cisco Multicloud Management with Cisco CloudCenter Suite (CLDCCS)

Duration: 24.00 hours (3 days)

19.5 CPD Hours

Rating: ★ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

CLDCCS, Multicloud Management with Cisco® CloudCenter Suite is a 3-day intensive training course that teaches you to securely design, automate, and deploy applications across multiple clouds while optimizing cost and compliance with comprehensive reporting, visibility, and policy-enforcement. Through a combination of lessons with hands-on lab exercises, you will learn to simplify the lifecycle management of multicloud applications, workflows, and their infrastructure. This course will help you: Acquire the advanced skills and techniques for API calls, that can deploy and manage workloads in multiple environments without having deep cloud expertise Learn provisioning and orchestration, cost management, and workload optimization by leveraging cloud management
