Course Overview

ISO/IEC 27005 Foundation training course provides information on the fundamental concepts and principles of information security risk management based on ISO/IEC 27005. Why Should You Attend? ISO/IEC 27005 Foundation is a two-day training course that focuses on the information security risk management process introduced by ISO/IEC 27005 and the structure of the standard. It provides an overview of the guidelines of ISO/IEC 27005 for managing information security risks, including context establishment, risk assessment, risk treatment, communication and consultation, recording and reporting, and monitoring and review. After attending the training course, you can sit for the exam. If you successfully pass the exam, you can apply for the "PECB Certificate Holder in ISO/IEC 27005 Foundation®" designation. This certificate demonstrates that you have a general knowledge of ISO/IEC 27005 guidelines for information security risk management.
