Course Overview

This course is an introduction to Microsoft 365 in a cloud-based environment. Using the Microsoft 365 suite of productivity apps online, users can easily communicate and collaborate through Microsoft Teams messaging and meeting functionality and Outlook email. When you create a team, the Microsoft SharePoint team site provides a central storage location for accessing and modifying shared documents. Each user also receives individual document storage through OneDrive for Business. Teams can provide a central hub for working with shared documents in the familiar apps Word, PowerPoint, and Excel as an alternative to installing the Microsoft 365 Desktop applications.
