Course Overview

Oracle Database 12cR2, 18c and 19c New Features for Administrators Course Overview

This Oracle Database 12cR2, 18c and 19c New Features for Administrators course is designed to give Oracle Database Administrators practical experience in using the non-container database features that have been introduced from Oracle Database 12cR2.

The delegate will gain an appreciation of how the enhanced features of Oracle Database 12cR2, 18c and 19c may be implemented at their own site.

Note: The focus of this course is on the general new features that have been introduced in Oracle Database 12cR2, 18c and 19c. The course covers an overview only of container and pluggable databases. The Oracle Multitenant Administration course covers Multitenant Architecture features in detail.

Exercises and examples are used throughout the course to give practical hands-on experience with the techniques covered.
