Course Overview

Modern life is busy. With so many distractions and demands on our attention, wasting time is easy to do. That's why improving time management skills has never been more important to your success.

About This Course

Modern life is busy. With so many distractions and demands on our attention, wasting time is easy to do. That's why improving time management skills has never been more important to your success.

Learning Outcomes

Upon successful completion of this course, participants will be able to:

The benefits of time management training:

Train your team to be proactive not reactive.

Get people to stop and think about their time to prevent them working in auto-pilot.

Improve your organisation's productivity by getting people to focus on the most important tasks and then getting them done.

Reduce stress by coaching people to complete tasks on time and cut procrastination.

Improve the quality of tasks completed by ensuring your team are not always rushing to finish projects on time.

Improve people's work/life balance by ensuring time is used as efficiently as possible. No more working late simply because time was used poorly.

This training course will really make participants think about their time and work efficiency.

Objectives:

By the end of this time management training course participants will be able to:

Recognise what prevents them from making the best use of their time

Make necessary long medium and short term plans to help schedule and organise activities

Manage their 'To Do List' effectively

Control interruptions so they have limited impact

Recognise and manage common time wasters

Identify why they procrastinate and how to manage it
