

VMware SD-WAN: Deploy and Manage [V4.x] - On Demand

Duration: 16.00 hours (2 days)

13.0 CPD Hours

Rating: ★ 4.6 (5,878 reviews)

Course Information

Delivery Format: Other

Course Overview

This course provides you with the knowledge, skills, and tools to achieve competency in deploying and managing the VMware SD-WAN by VeloCloud environment. In this course, you are introduced to workflows of various software-defined WAN constructs along with several operational tools that help you deploy and manage VMware SD-WAN by VeloCloud.

About This Course

This course provides you with the knowledge, skills, and tools to achieve competency in deploying and managing the VMware SD-WAN by VeloCloud environment. In this course, you are introduced to workflows of various software-defined WAN constructs along with several operational tools that help you deploy and manage VMware SD-WAN by VeloCloud.

Who Should Attend

Experienced system administrators, network administrators, and system integrators responsible for designing and implementing networking solutions

Network and security professionals who work with enterprise and data center networks

Learning Outcomes

Upon successful completion of this course, participants will be able to:

By the end of the course, you should be able to meet the following objectives:

Discuss the SD-WAN architecture and platform deployment model options

Identify and describe the SD-WAN solution components

Explain the interaction between the SD-WAN Edge, Orchestrator, and Gateway components

Describe the SD-WAN Software-Defined Networking (SDN) approach, traffic, and network flows

Explore SD-WAN core features and evaluate how these dramatically improve operational automation

Use SD-WAN features to perform simple, agile, and secure SD-WAN operations

Simplify branch infrastructure by inserting network services on the branch edge, in the cloud, or in the regional and enterprise data centers

Additional Course Details

Nexus Humans VMware SD-WAN: Deploy and Manage [V4.x] - On Demand training program is a workshop that presents an invigorating mix of sessions, lessons, and masterclasses meticulously crafted to propel your learning expedition forward.

This immersive bootcamp-style experience boasts interactive lectures, hands-on labs, and collaborative hackathons, all strategically designed to fortify fundamental concepts.

Guided by seasoned coaches, each session offers priceless insights and practical skills crucial for honing your expertise. Whether you're stepping into the realm of professional skills or a seasoned professional, this comprehensive course ensures you're equipped with the knowledge and prowess necessary for success.

While we feel this is the best course for the VMware SD-WAN: Deploy and Manage [V4.x] - On Demand course and one of our Top 10 we encourage you to read the course outline to make sure it is the right content for you.

Additionally, private sessions, closed classes or dedicated events are available both live online and at our training centres in Dublin and London, as well as at your offices anywhere in the UK, Ireland or across EMEA.

Frequently Asked Questions

Q: What delivery options are available for VMware SD-WAN: Deploy and Manage [V4.x] - On Demand?

We offer multiple delivery formats:

- Live Instructor-Led Classroom Online (Virtual/Live Online)
 - Traditional Instructor-Led Classroom Training (ILT)
 - On-site delivery at your offices anywhere in United Kingdom
 - Private dedicated courses customized for your team
-

Q: How many CPD hours does this course provide?

The 2-day VMware SD-WAN: Deploy and Manage [V4.x] - On Demand course provides up to 13.0 CPD hours of structured learning. CPD certificates can be provided upon request.

Q: What is the duration of the VMware SD-WAN: Deploy and Manage [V4.x] - On Demand training?

The training takes place over 2 day(s), with each day lasting approximately 16.00 hours including breaks for lunch and refreshments.

Q: Do you provide corporate training for VMware SD-WAN: Deploy and Manage [V4.x] - On Demand?

Yes, we provide corporate training, dedicated training, and closed classes for VMware SD-WAN: Deploy and Manage [V4.x] - On Demand. Training can take place anywhere in United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online allowing teams from across United Kingdom or internationally to attend.

Q: Why choose Nexus Human for VMware SD-WAN: Deploy and Manage [V4.x] - On Demand?

Nexus Human is recognized as one of the leading training providers. Our trainers have won multiple awards including:

- Small Firms Best Trainer Award
- National Training Partner of the Year (Ireland) - Multiple Years
- Global Top 30 Instructor Awards (2012, 2019, 2021)
- Tech Excellence Award Nominations
- Learning Performance Institute (LPI) External Training Provider Sponsor 2024

Q: Are there any discount codes available?

Yes! Use discount code **PENPALS** when booking your VMware SD-WAN: Deploy and Manage [V4.x] - On Demand training. Please note that only one discount code can be used per booking and cannot be combined with other special offers.
